

Active AD collagen added Instant repair and moisturizing

Immediate forms a moisture-retaining barrier
Instantly boosts and locks in hydration
Refreshes your skin without burden

The most reliable and safest products provided to you. With strong background support of scientific studies.

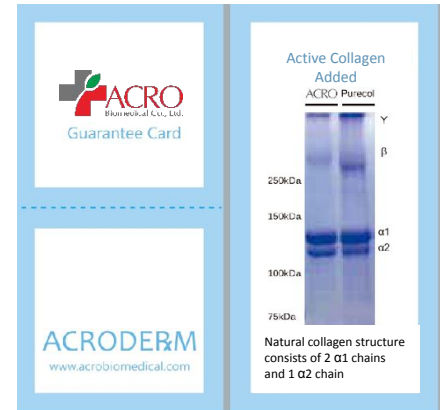

ACRODERM is the skincare brand created by ACRO Biomedical, ACRO Biomedical was founded by a group of scientists with different doctoral backgrounds including Biotechnology, Biomedical Engineering and Molecular Biology. ACRO Biomedical is professional especially in active collagen production using a unique technique. All the details in the production including the source of the collagen and the manufacturing production lines are under strict regulation to ensure the quality of the products. Active collagen solution is added to ACRODERM skincare products, which will repair and revive your skin.

The key to the youth skin is in AD Collagen

How do you know if the collagen structure is intact?

Do you know if it's collagen or just gelatin?

Insurance card is attached to each product with active collagen added

Collagen can only be found in animal tissues.

The common collagen sources are from cattles, porcine, or marine animals.

The AD Collagen solution produced by ACRO Biomedical is high purity bio-active atelocollagen extracted by patented technology from porcine dermis with excellent biocompatibility and excellent quality.

The active AD Collagen in ACRODERM skincare products possesses intact triple-helical structure, which can stimulate fibroblast cell proliferation, bind and hold on water molecules and improve skin vitality from the inside out.

Hydration

Collagen Revitalizing Cream

Gentle Cleansing Without Irritation

This near skin pH balancing face wash helps dissolve excess oil and dirt, and remove debris without over-drying or stripping skin. The creamy, non-foaming formula can cleanse gently and regenerate the skin layers while revealing a natural radiance.

01 Clarifying Cleansing Foam

Moist 24™

It is a hydroglycolic extract of white cogongrass. It acts as a moisturizing agent, helps to draw moisture into the skin cells, providing cell hydration and 24-hour moisture.

Crodasinic™ LS30

Amino Acid Surfactant - A mild and non-irritating amino acid surfactant that is close to the PH value of the skin, suitable for sensitive and weak skin.

Moisturizing

Rosa Centifolia
Flower Oil

Glycerin

Whitening

Bitter Orange
Flower Oil

Ingredients

Water, Glycerin, Sodium Methyl Cocoyl Taurate, Sodium Laureth Sulfate, Cocamidopropyl Betaine, Lauric Acid, Cetearyl Alcohol, Myristic Acid, Stearic Acid, Cetareth-20, Glyceryl Stearate, Glycol Distearate, Potassium Hydroxide, Sodium Lauroyl Sarcosinate, Phenoxyethanol, Caprylyl Glycol, PEG-150 Distearate, Polyacrylate Crosspolymer-6, Imperata Cylindrica Root Extract, PEG-8, Carbomer, Potassium Sorbate, Rosa Centifolia Flower Oil, Citrus Aurantium Amara (Bitter Orange) Flower Oil

Gently Exfoliate Aging Cells and Lift Away Dirt to Activate Skin for Nutrient Capture

Helps mildly remove dead corneocytes and excess sebum. Offers superior exfoliation effect while softening your skin. Preps skin for skincare by promoting the penetration of skincare that follows.

Amplifies the effects of the nourishing ingredients.

02 Collagen Exfoliating Lotion

ABCcolla® Active AD Collagen

High purity bio-active atelocollagen extracted by patented technology from porcine dermis. Highly potent in stimulating fibroblast cell proliferation. Rejuvenates the skin from the inside out.

Melaclear 2™ Patented Whitening Complex

It contributes to complexion brightening and skin lightening by accelerating cell renewal and elimination of strongly pigmented epidermal cells. Provides a smoother cutaneous surface, leading to a rejuvenated skin appearance.

Exfolactive EL Cactus Flower Active Extract

Obtained from an organic supply chain of nopal flowers, it boosts the natural exfoliation capacity of the skin and promotes cell renewal for an optimal barrier function. Making the skin smoothed and hydrated, the complexion more radiant and uniform.

X-pressin™ C

It is a rapid, intense, non-irritating, advanced exfoliating system made from a high papain grade of Carica papaya that helps to refresh skin's complexion and renew the skin's youthful appearance.

Refines and Rejuvenates Skin Texture

Regulates sebum quality, keeps pores from becoming clogged and limits skin irregularities. Refines and rejuvenates the skin texture. Improves skin's firmness and preserves the skin's natural radiance.

06 Collagen Pore Refining Cream

ABCcolla® Active AD Collagen

High purity bio-active atelocollagen extracted by patented technology from porcine dermis. Highly potent in stimulating fibroblast cell proliferation. Rejuvenates the skin from the inside out.

Phytol™ OS PS

Provides anti-inflammatory, antiseptic, astringent and detoxifying effects for oily skin care.

AC.Net™ Cleansing oil control factor

It acts as an anti-inflammatory, conditioning and anti-acne agent. It provides a holistic treatment for oily and acne-prone skin.

Evermat™ Pore Conditioning Serum

It is a plant extract of enantia chlorantha. It acts as an astringent, purifying, sebo-regulating and skin conditioning agent. It reduces pore size & shines and refines the skin grain.

07 Collagen Eye Contour Reviving Cream

Restore Smoother and Firmer Appearance Around the Eyes

Repairs fine lines and eliminates dark circles and puffiness under the eyes while restoring a smoother and firmer appearance around the eye area.

ABCcolla® Active AD Collagen

High purity bio-active atelocollagen extracted by patented technology from porcine dermis. Highly potent in stimulating fibroblast cell proliferation. Rejuvenates the skin from the inside out.

Melaclear 2™ Patented Whitening Complex

It contributes to complexion brightening and skin lightening by accelerating cell renewal and elimination of strongly pigmented epidermal cells. Provides a smoother cutaneous surface, leading to a rejuvenated skin appearance.

Dermaxyl™ Patented Anti-Wrinkle Factor

It is an anti-aging, wrinkle smoothing and cutaneous barrier repair ingredient. It stimulates cell communication and then repairs the age related skin damage.

Osilift® Natural Oat Kernel Active Extract

It is obtained from oats produced by organic farming. It is able to perfectly fit the skin microrelief. Thus, it has an immediate smoothing and lifting effect visible at the skin surface.
