DMP ACNE MANAGING SERIES

Professional skin care products designed for acne, large pores and other skin, which can improve the effect of skin peeling.

**DMP LACTIC ACID
ANTI-ACNE
CLEANSING MOUSSE**

Applicable skin type

- Adult acne
- Student pox
- Premenstrual acne
- Chest acne
- Cack acne
- Scalp acne
- Blackheads
- Whiteheads
- Large pros
- Oily skin

150mL

Feature

Using the exclusive ACNE SOLUTION plus process stacking technology, the high-concentration unilateral AHA is less irritating to the skin and is a new generation of mild and high-efficiency skin resurfacing products. DMP Lactic Acid Anti-Acne Cleansing Mousse can penetrate into micropores to dissolve hyperkeratosis and unclog pores. Mytophenol wood core can effectively inhibit the formation of acne bacteria. Use natural, mild soap essence, which will not damage the natural sebum film.

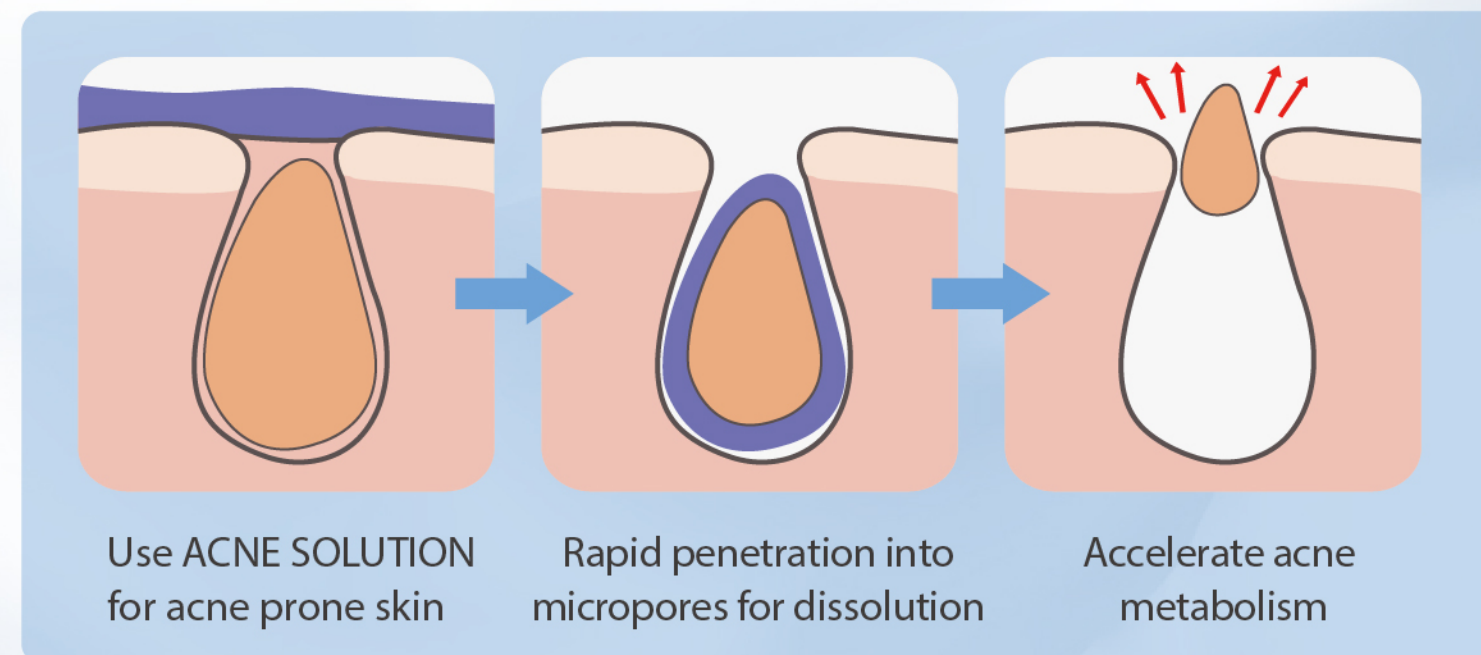

Ingredients

- 3% Lactic acid - smooth skin
- 2% Tartaric acid - white and translucent
- 5% Esterified glycolic acid – pore-tightening

DMP ACNE MANAGING SERIES

Professional skin care products designed for acne, large pores and other skin, which can improve the effect of skin peeling.

DMP LACTIC ACID ANTI-ACNE SERUM

Application

- Adult acne, student pox, premenstrual acne, chest acne, cack acne, scalp acne
- Blackheads, whiteheads
- Large pros
- Oily skin

30mL

Feature

The high-concentration unilateral AHA with super-effectiveness and low irritation to the skin is a new generation of mild and high-efficiency skin resurfacing products. DMP Lactic Acid Anti-Acne Serum can penetrate into micropores to dissolve hyperkeratosis, unblock pores, effectively inhibit the formation of acne bacilli, regulate excessive sebum secretion and specially add snail secretion to repair wounds and grow normal and delicate skin.

Ingredients

- Lactic acid - skin renews, dissolves acne
- Totarol- inhibits bacteria, improves inflammation
- Snail Secretion Filtrate - removes acne scars, improves roughness
- Anasensyl_LS_9322 - reduces redness, soothes and calms

DMP PIGMENT MANAGING SERIES

The complex acid designed for dullness, pigmentation problems and uneven skin tone, adding multiple effective whitening ingredients, can enhance the whitening effect and is suitable for a wider range of melanin problems.

DMP LACTIC ACID & L-ASCORBIC ACID SERUM

- Gentle and non-irritating
- Improve dullness
- Whiten & brighten

Home Care

Dullness · Pigmentation spots

30mL
