

DR. PROBIOTY[®]

DR. PROBIOTY SKIN REPAIR SERIES

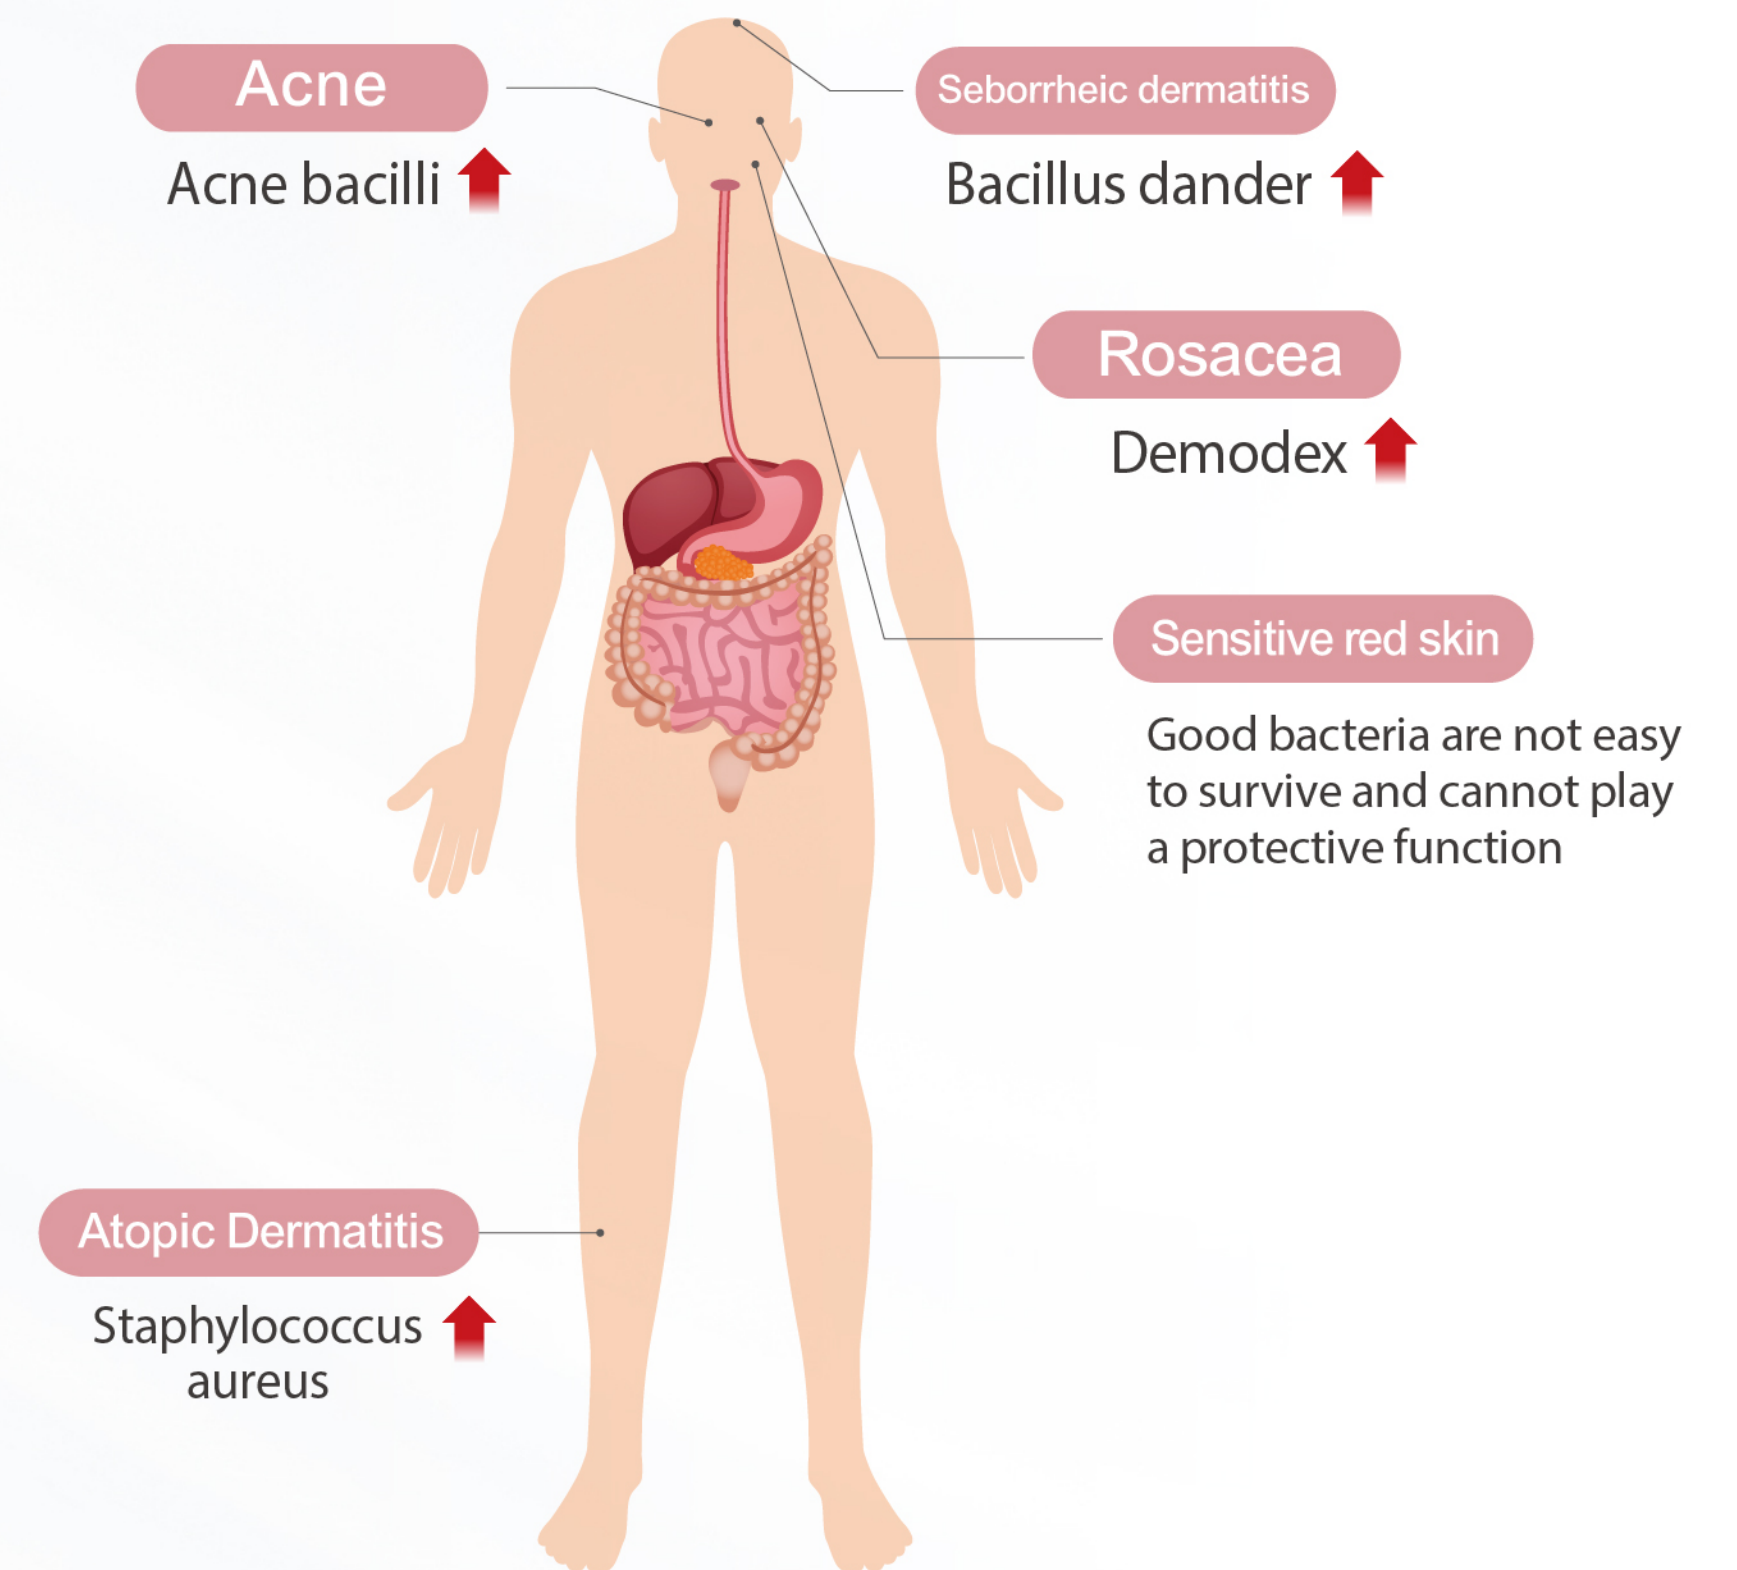

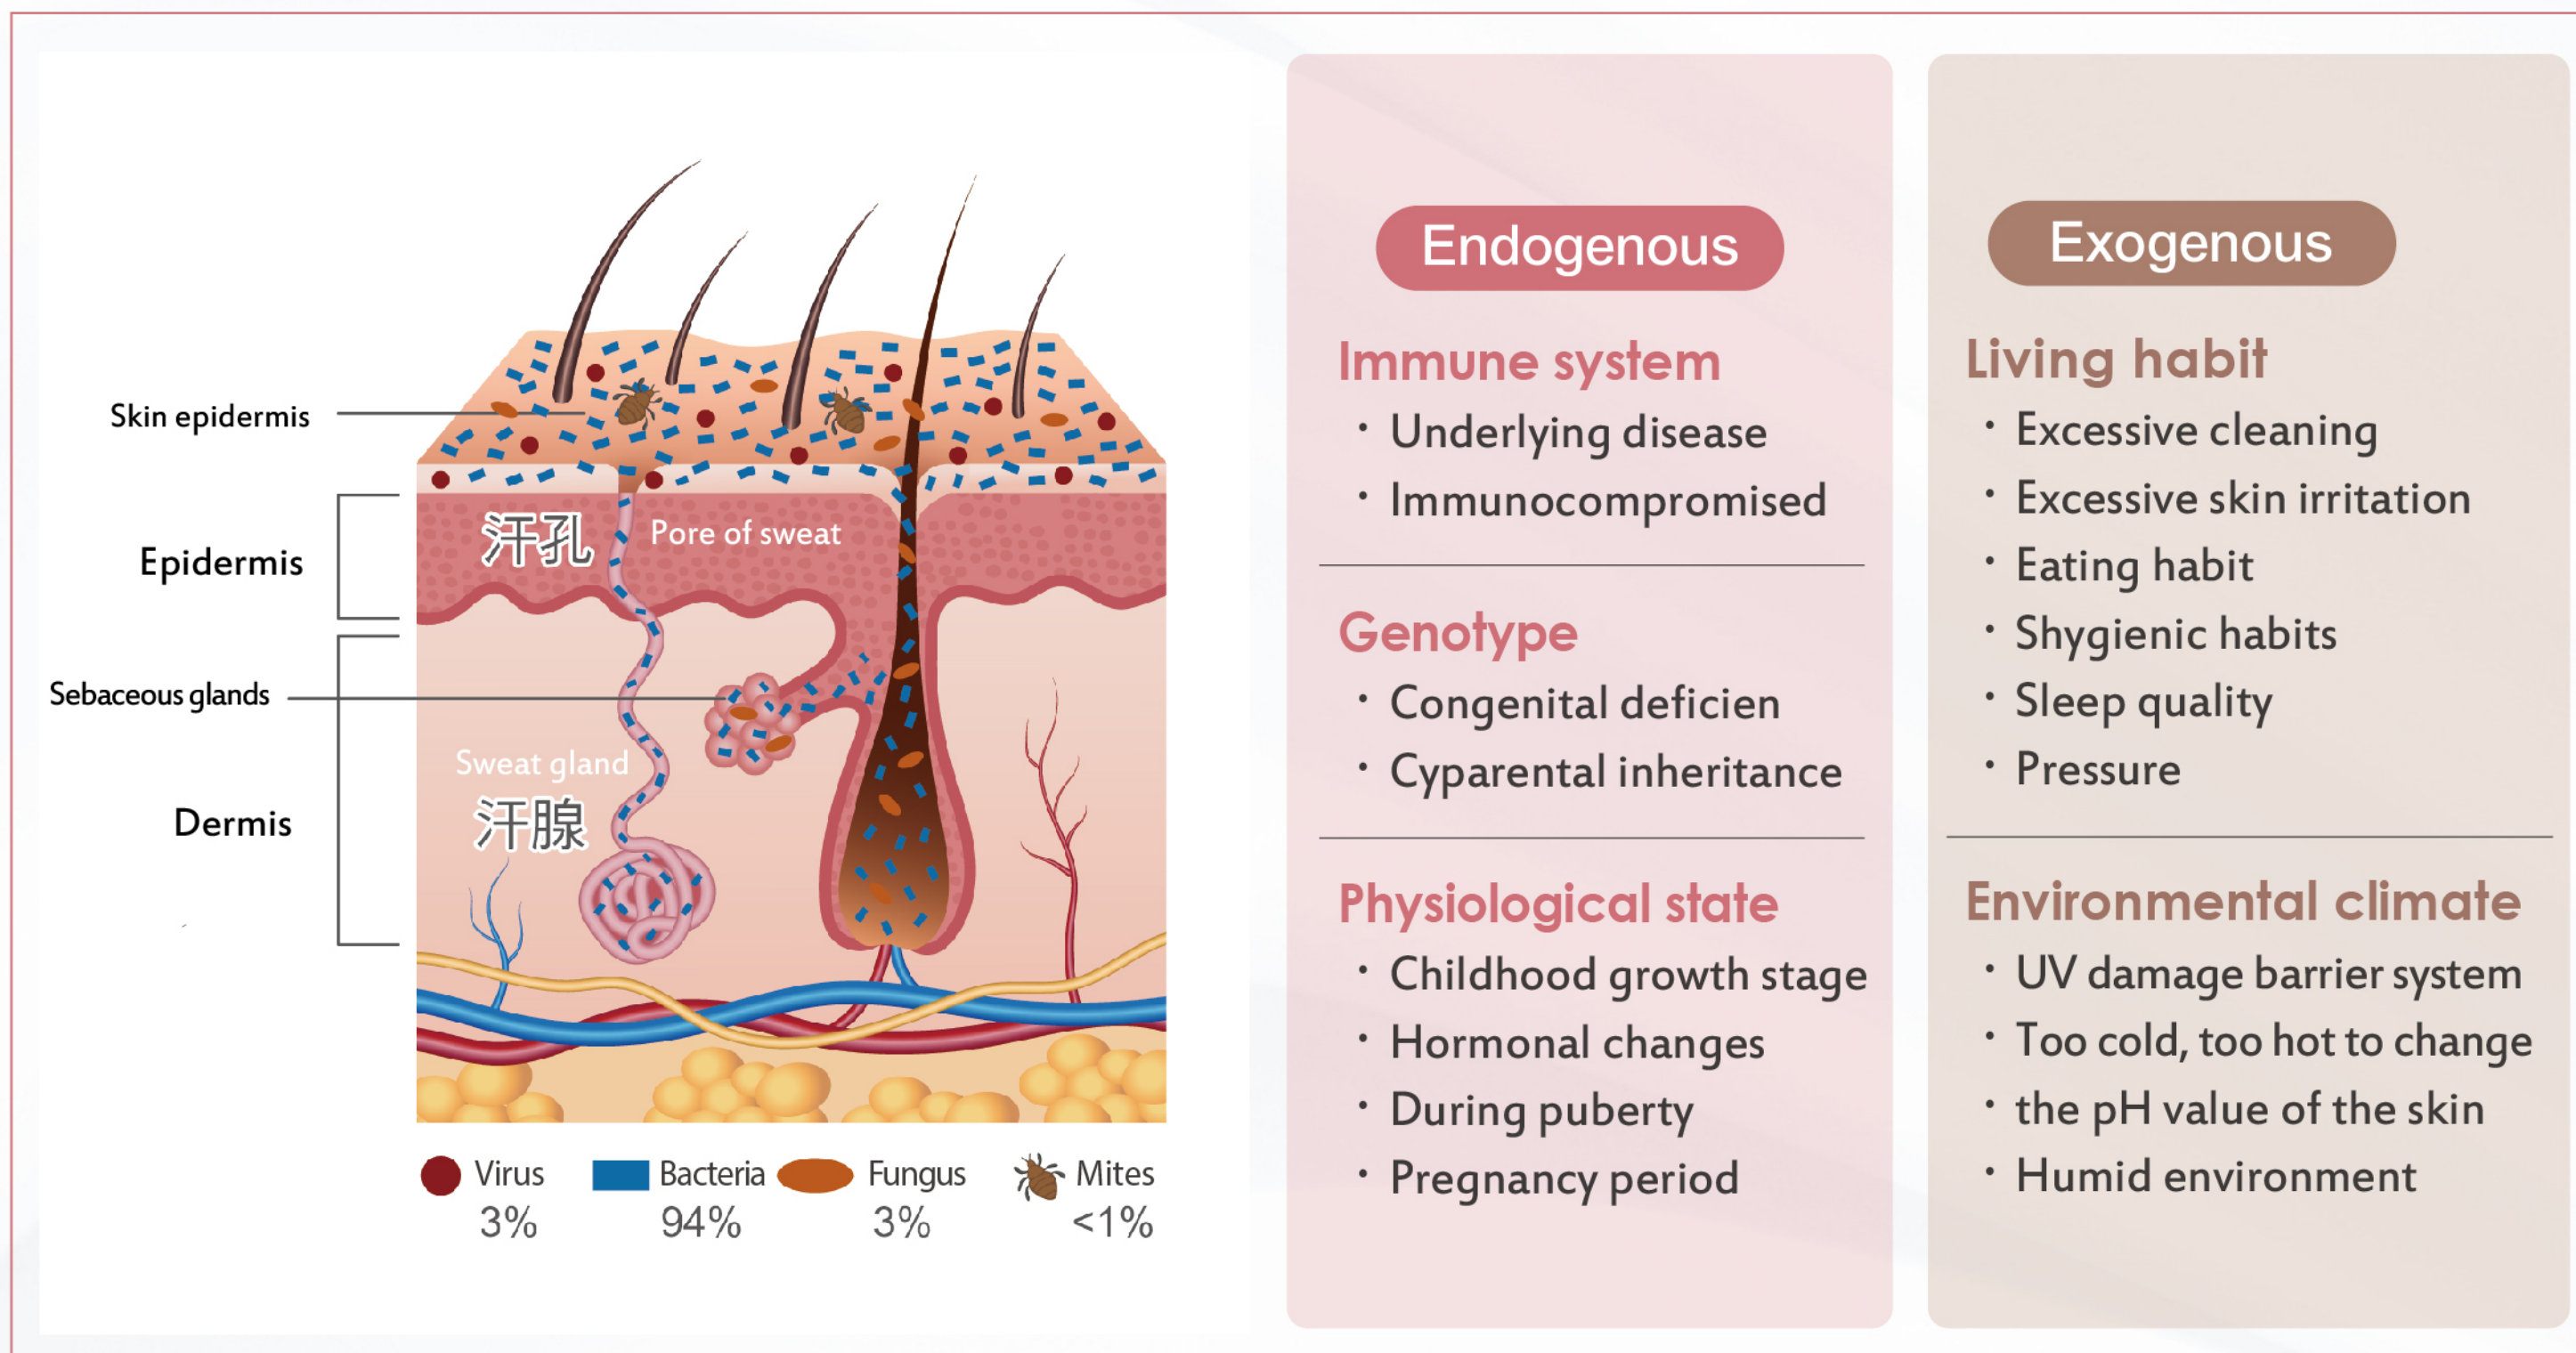

Omnidirectional Skin Probiotic Maintenance

✓ Specially designed for
Rosacea and long-term
sensitive and reddened skin.

The skin is a complex and dynamically changing ecosystem, so it is important to maintain a balance of rich and diverse microbiota.

Microbial ecology may be affected by host endogenous or exogenous factors that can cause disease. If the ratio of good bacteria to bad bacteria in the microbial ecology is out of balance, skin problems are prone to occur, such as sensitive skin, atopic dermatitis, acne and rosacea.

A Skin Care Regimen for Relieving Sensitive Skin

PBS Probiotics Skin 4.0 is a combination of postbiotics and prebiotics used in skin care products. Long-term use can reduce the invasion of bacteria, maintain good skin's physiological function, and establish a complete [microbial barrier] protection function to achieve easy to maintain and healthy skin. Specially designed for Rosacea and long-term sensitive and reddened skin. It can be used in combination during medication and for maintenance of postoperative care.

Probiotics
Skin 4.0

For Rosacea
&
Sensitive Skin

STEP 3 Repair the barrier

100% PHYSICAL ULTRA LIGHT SUNSCREEN SPF42

Physical sunscreen for sensitive skin.

50mL

STEP 4 All-round protection

· LET MITES CAN'T GROW EASILY IN THE SKIN.

PBS ALL IN ONE CLEANSING & REMOVING GEL

✓ Gentle face washing, makeup removal

✓ No harm to sebum film

✓ Effective IPMP antibacterial formula

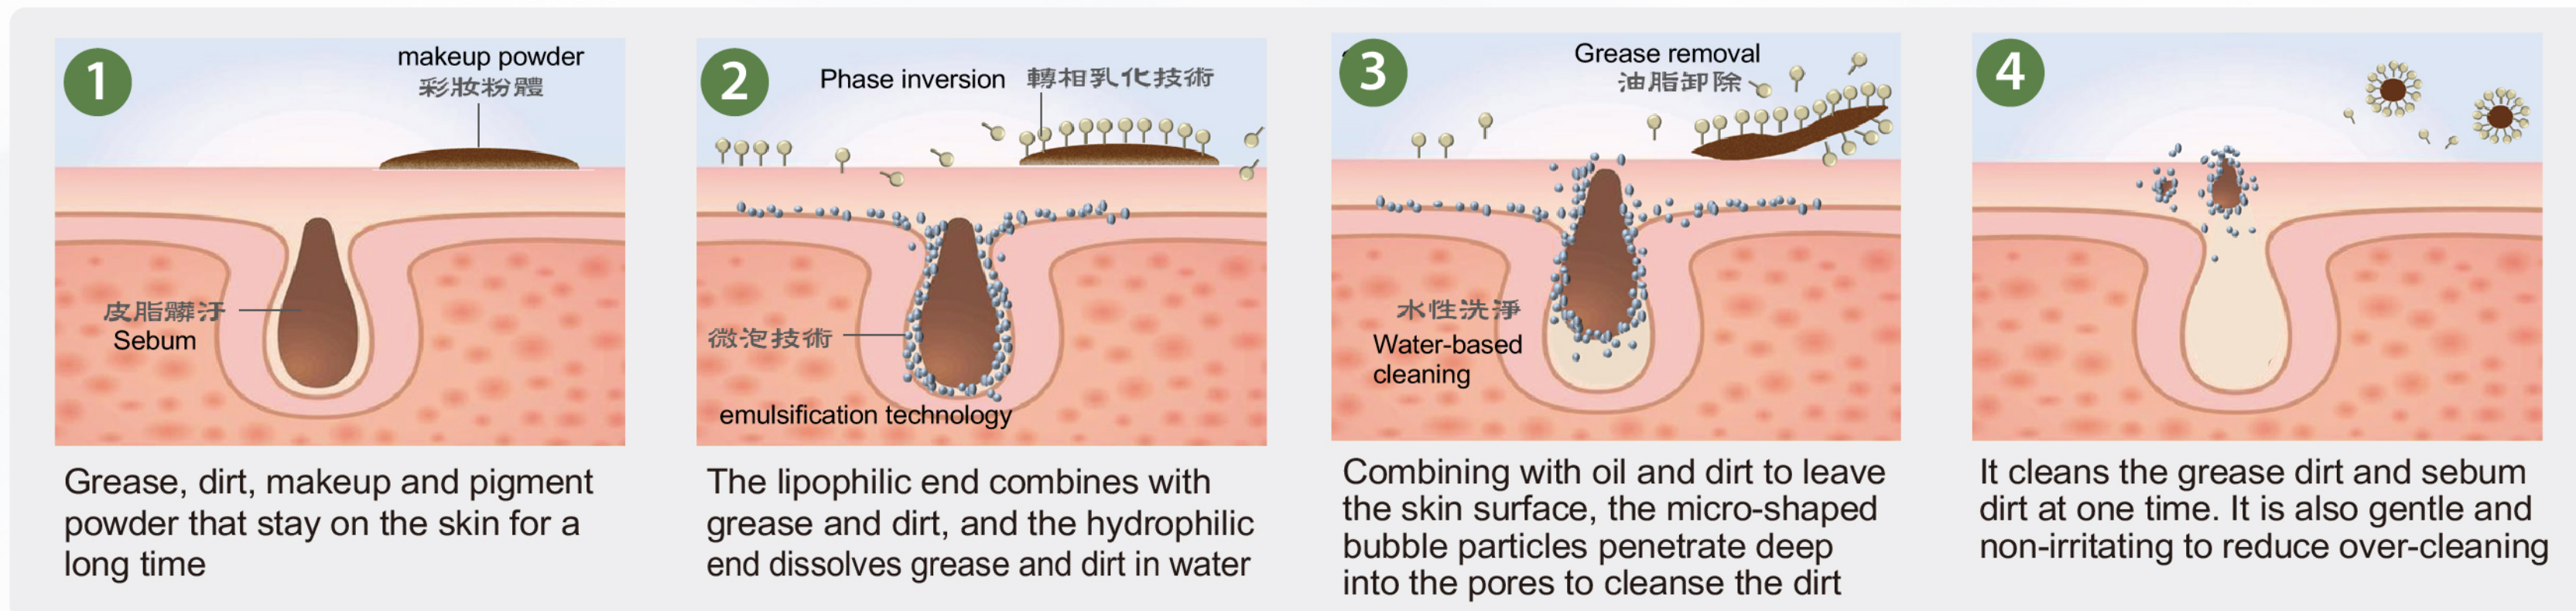

Feature

Reduce over-cleaning using a two-in-one cleansing gel specially designed for a damaged keratin barrier. With its AMA green natural cleansing factor, this gel can gently wash away dirt on the face and properly remove sunscreen base makeup with high emollient properties. Mild, non-irritating and not tight after washing. The antibacterial factor IPMP is added to make it difficult for mites to survive and reduce the chance of mites growing and recurring.

Ingredients

- PBS Probiotics Skin 4.0
- AMA green natural cleansing factor
- Antibacterial factor IPMP
- Allantoin
- Trehalose

· IMPROVE LONG-TERM SENSITIVE REDNESS PROBLE

PBS INSTANT ANTI-REDNESS AMPOULE

- ✓ Revitalizing & repairing
- ✓ Improving redness skin
- ✓ High repair and moisturizing

5.5mL*4

Feature

It can quickly alleviate the dilation of capillary blood vessels and facial flushing caused by long-term skin inflammation, and acute inflammation symptoms caused by external stimuli, resulting in redness, burning, pimples and other discomforts. It can also strengthen the skin's repair ability.

Ingredients

- PBS Probiotics Skin 4.0
- Silybum marianum
- 5% REDUCT
- SymCernine
- Resveratrol
- HYDRAPROTECTOL
- Hymagic-4D

Rosacea Skin Facial Redness Test

After 14 days of continuous use, the redness has improved significantly

• QUICKLY REPAIR BARRIER FUNCTION

PBS INSTANT SOOTHING SKIN REPAIR CREAM

- ✓ Protecting damaged skin
- ✓ Improving skin barrier
- ✓ Have a high affinity to skin with natural lecithin

50mL

Feature

Sensitive skin has an unhealthy natural barrier function, and the epidermis cannot perform a good protective function, resulting in sensitive skin. The key to repair is to improve the soundness of the barrier function. The ingredients used can improve the skin's epidermal permeability damage and rosacea symptoms. Absorb instantly, reduce water loss, increase water retention, replenish basic lipid content, improve skin barrier function, and quickly repair dry skin.

Ingredients

- PBS Probiotics Skin 4.0
- Tranexamic Acid
- REDCUT
- Ceramide NP/Ceramide OP/Ceramide EOP)
- AT Calm-ist(RA)
- Lecithin
- Niacinamide (B3)

Atopic Dermatitis Children's Neck

Atopic (neck)

Before Treatment

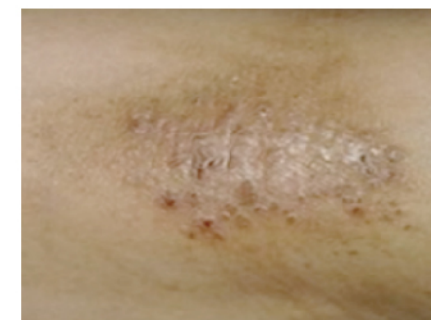

PBS Repair Cream

4 Weeks of Treatment

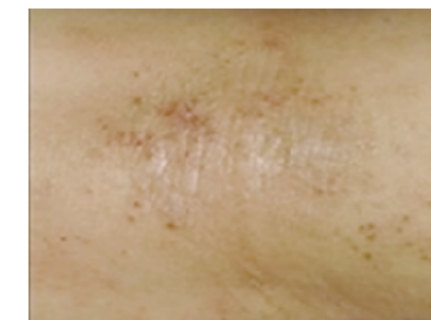

Atopic Dermatitis Children's knee socket

Atopic (Knee socket)

Before Treatment

PBS Repair Cream

8 Weeks of Treatment

PHYSICAL SUNSCREEN FOR SENSITIVE SKIN

100% PHYSICAL ULTRA LIGHT SUNSCREEN SPF42

- ✓ 100% pure physical sun protection
- ✓ Ultra-low whiteness, high protection
- ✓ Clear water feeling, no burden

50mL

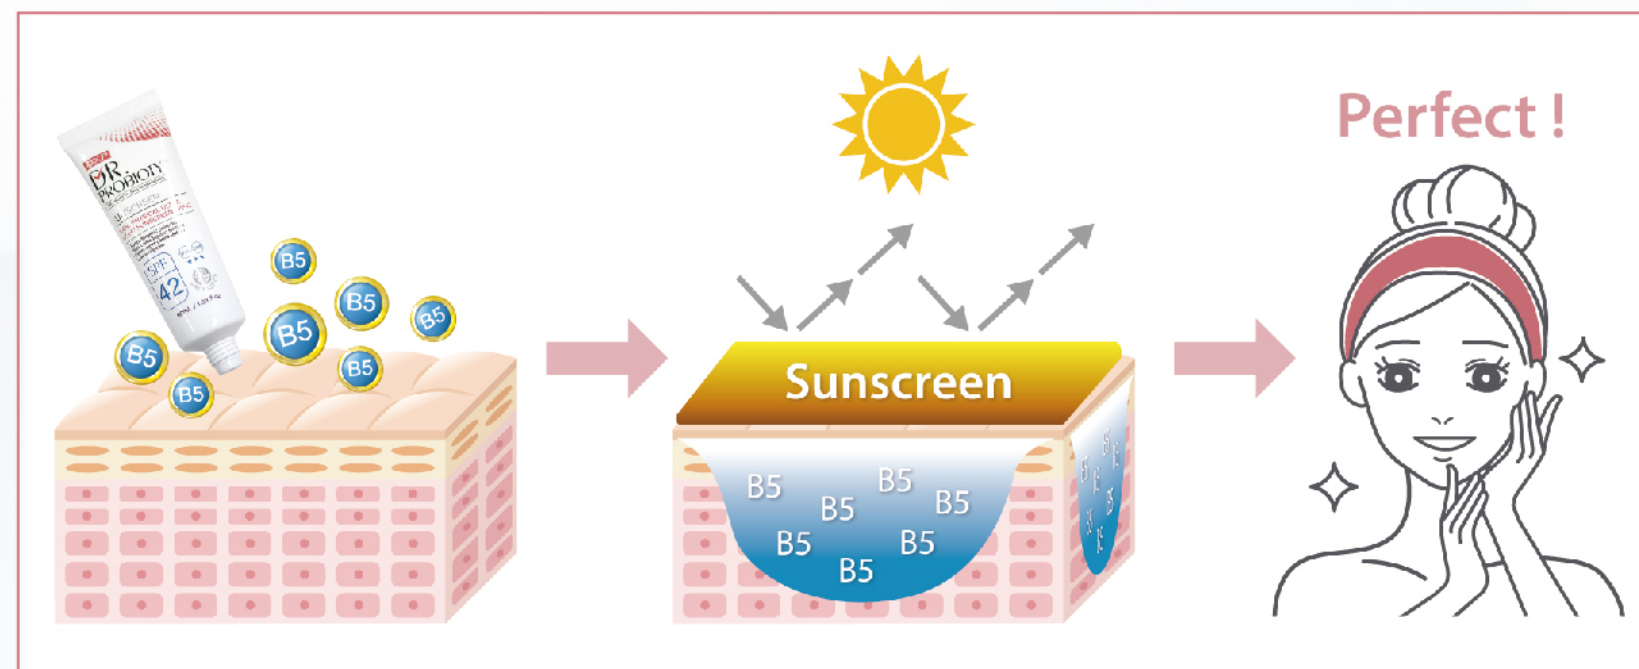

Feature

Double even and transparent coating technology, uniform and refreshing texture, almost non-sensitizing on the skin, non-sticky, non-acne formula, ultra-low whitening, high transparency and not burdensome. Thanks to its beneficial skin bacteria, anti-oxidant and soothing active ingredients, it is specially recommended for sun protection of weak sensitive skin, post-medical surgery, and infants.

Ingredients

- PBS Probiotics Skin 4.0
- Titanium Dioxide
- Moringa Oleifera Sed
- Extract daytime protection factor
- Panthenol B5

Apply PBS sunscreen on the skin, and the coated particles will break open instantly when they meet the skin, and the active ingredients such as moisturizing will be absorbed into the skin.
